

L'HISTOIRE DE L'AVIATION

Avion à construire

BLÉRIOT XI

CHANNEL CROSSER

The paper model kit includes the following parts and instructions:

- Fuselage:** A long, narrow strip with a grid pattern, featuring a cockpit window and a tail section. It has "BEND" lines and "fold & glue" instructions.
- Wings:** Two large, oval-shaped pieces with a grid pattern, designed to be attached to the fuselage. They include "fold & glue" instructions.
- Elevator:** A smaller piece with a grid pattern, intended for the tail.
- Rudder:** A small, curved piece for the tail.
- Landing Gear:** Two sets of wheels with struts, labeled "Aft Landing Gear" and "right Landing Gear".
- Propeller:** A two-bladed propeller.
- A-Frame:** A component labeled "Lower A-Frame" and "Upper A-Frame" for the landing gear.
- Nose:** A section labeled "Nose" and "redesigned/99" showing the engine and propeller attachment.
- Other Labels:** "Louis!" with a small figure of a pilot, and "MUDGET" at the bottom left.
